FOR TRAINEES & ATHLETES

Train smarter. Keep your progress for life.

Log every workout — even with no signal — see your progress, and connect with your coach and your gym in one app. In Arabic and English.

WHY TAMREEN

One app for your training, your coach and your gym.

Your workouts are in a notes app, your plan is a PDF, your coach is on WhatsApp and your gym card is a slip of paper. Bring it all together.

Sound familiar?

- Your progress disappears every time you change coach, gym or phone.
- Fitness apps freeze when the gym has no signal.
- You can't remember what you lifted last week, so you guess.
- Your plan is a PDF you have to zoom into between sets.
- Most apps don't speak Arabic or know Egyptian food.

With Tamreen

- Your history lives in your own space and moves with you.
- The logger works fully offline and syncs when you are back online.
- Last time's weights and reps show next to every set.
- Your coach's program shows up as today's workout, set by set.
- Arabic throughout, with Arabic exercise demos — and an Egyptian food diary coming soon.

You own your data. Coaches and gyms see only what you allow, only while they work with you — and you can take that access back.

Made for

Gym-goers

Log your lifts, beat your records, book your classes.

Coached clients

Your coach's plan, check-ins and chat in one place.

Just starting out

Simple routines, clear demos and progress you can see.

FEATURES · PART 1

A logger that never lets you down

Fast enough to use between sets, clear enough to keep you honest.

Workout logger
Sets, reps, weight and RPE in a few taps, with notes and quick exercise swaps.

Fully offline
No signal in the gym? Keep logging; everything syncs when you are back online.

Rest timer
Starts on its own after each set and tells you when to go again.

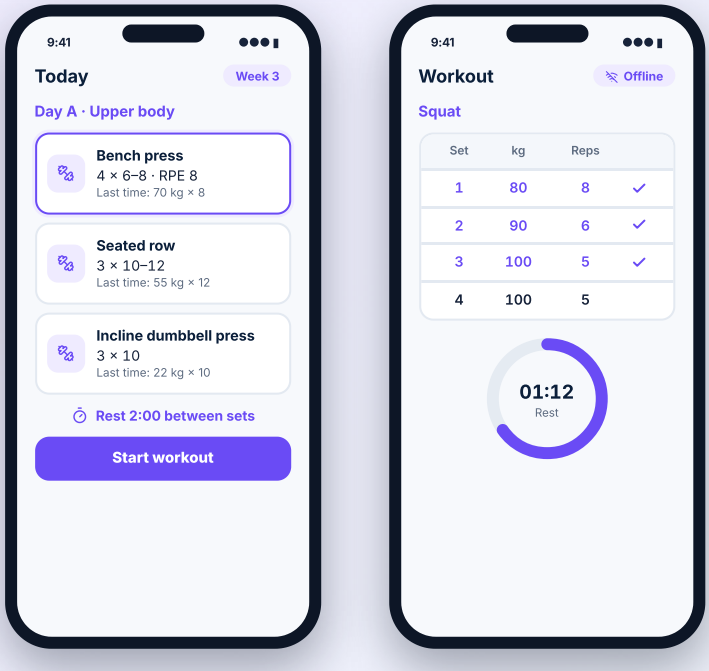

Plate calculator
Know exactly which plates to load for the weight you want.

Arabic exercise demos
Short videos with coaching cues in Arabic and English.

Your own routines
Build routines or train freely — three saved routines on the free plan.

Personal records
New PRs are spotted and celebrated automatically.

History & charts
Every workout saved, with charts for your lifts and body weight.

FEATURES · PART 2

Your body, your coach, your gym

Progress you can see — and the people helping you, in the same app.

Body metrics
Weight, measurements and how they trend over time.

Private progress photos
Encrypted, and never shared unless you choose to.

Your coach in the app
Get your program and meal plan, send weekly check-ins and chat with voice notes.

Your coach's meal plan
See your meal plan and its alternatives any time.

Gym membership card Coming soon
Your membership as a QR code at the desk, with days left and visit history.

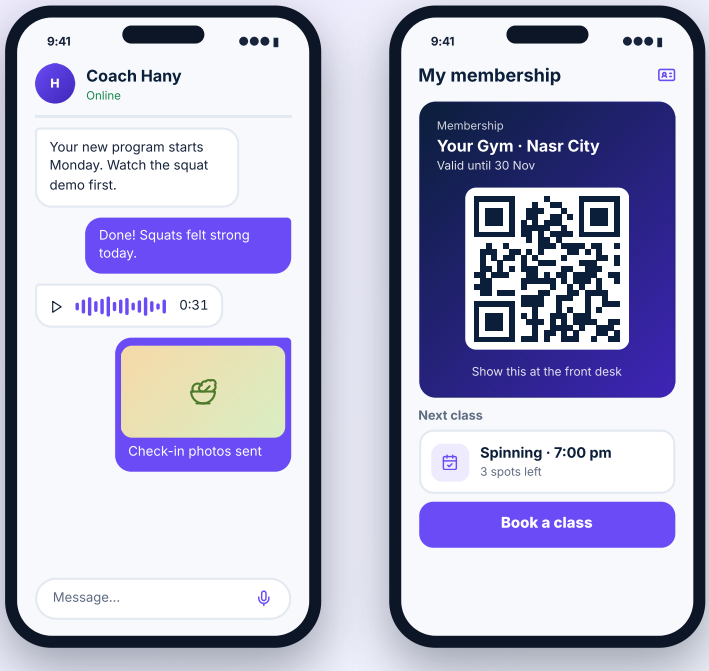

Book classes Coming soon
See the timetable, book a spot or join the waitlist.

Food diary Coming soon
Log meals with Arabic search and Egyptian dishes.

Habits & reminders Coming soon
Water, steps, sleep and supplements.

Your data, your rules

You own it

Your workouts, metrics and photos live in your personal space, not in your coach's or gym's account.

You choose who sees what

Approve or remove a coach's or gym's access at any time.

Private photos

Progress photos are encrypted and never shown without your permission.

Take it with you

Ask for a copy of all your data, or delete your account.

Questions people ask

Is it really free?

Yes. Unlimited logging, three saved routines, a year of charts and everything your coach or gym gives you are free. Plus (on the roadmap) adds extras.

Does it work without internet?

Yes. The workout logger works fully offline and syncs when you are back online.

Can my coach see everything?

No. You choose what each coach or gym can see, and you can remove their access at any time.

What if I change coach or gym?

Your logs, metrics and photos stay with you, and you keep a read-only copy of the programs you paid for.

Tamreen is a training and wellness app, not a medical service. Check with a doctor before starting a new exercise or nutrition program, especially if you have a health condition.
